PREFACE.

The collections described in the following pages are the property of Messrs. E. B. Gorton, Jireh Kinney and W. K. Hall, and embrace such a varied assortment of Coins as to suit everybody. We distribute 650 of these Catalogues all over the United States to every active buyer and collector known to us, and we hope to receive the largest number of bids we ever had at a sale.

The Coins have been described with our usual care, and for those who are unacquainted with *our* sales we state that everything is guaranteed genuine, and this indefinitely.

Immediately after sale, catalogues will be priced in red ink for 40 cents, cash with order, *please*.

Send bids in early and make them *so much per piece*, no matter how many in a lot. The early bidders receive a benefit in there being time before sale in which to notify them if any errors, or supposed errors, are discovered in their bid sheets. Make your highest bid and the dealer executing it will buy as much below as he can.
